RE: AL2004-014, CON 2129-H

Dear Mr. Lambert:

Per our conversation today, please accept this letter as our request to modify our current Certificate of Need from a twenty-five (25) bed hospital that comprises four (4) medical/surgical beds and twenty-one (21) psychiatric beds to only a twenty-one (21) bed psychiatric hospital.

By Executive Summary, we are relinquishing the four (4) medical/surgical beds so that the Department of Public Health may license our facility as a twenty-one (21) bed psychiatric hospital.

We would appreciate you approving this request, and providing us with documentation of the approval, along with a corrected Certificate of Need so that we may submit modified plans and drawings to the State for approval, and request pre-licensing.

Your assistance with approving this request is very much appreciated, and we look forward to receiving the approval, and commencing construction activities again.

Sincerely,

Phil Rowland, CEO
