**Re: Episcopal Foundation of Jefferson County, Inc.
d/b/a St. Martin's in the Pines ("St. Martin's")
CON 2611-SCALF; Project No. AL 2013-009**

Dear Mr. Lambert:

Pursuant to § 410-1-10-.03 of your agency's regulations, St. Martin's requests a project modification to its above-referenced Certificate of Need for the addition of 16 SCALF beds. In light of rising construction costs, St. Martin's projects that its cost of construction will increase by approximately \$610,310 over what was originally projected in its CON application. For this reason, St. Martin's requests a project modification to increase its overall total project costs to \$1,761,502.

A check for the filing fee of \$4,729.20 is enclosed. I certify that a copy of this request has been served on all parties of record in the underlying administrative proceeding.

Thank you for your assistance. Please let me know if you have any questions or need any additional information.

Sincerely,

Terry Rogers, President
