Re: Liberty Park Breast and Body Reconstruction Center, LLC - Project Modification
Request for Project AL 2013-025, CON 2631-ASC (the "CON")

Dear Mr. Lambert:

On behalf of Liberty Park Breast and Body Reconstruction Center, LLC ("Liberty Park"), I am writing to request a project modification for the above referenced CON project (the "Project") pursuant to section 410-1-10-.03 of the State Health Plan. The original estimate for the construction costs for the CON Project have now increased to take into account new regulatory interpretations and materials increases. As a result, the construction costs need to be increased by \$250,000.00 from the original estimate of \$194,644.00, for a total of \$444,644.00 in construction costs, and a corresponding increase in the total cost of the Project from \$1,060,000.00 to \$1,310,000.00. There has not been any change in the scope of services to be offered or clinical specialties to be included in the Project from what was originally approved. Enclosed herewith is a check in the amount of \$3,150.00 for the project modification filing fee (25% of the original filing fee of \$12,600.00) as required by section 410-1-10-.03 of the State Health Plan. I hereby certify that a copy of this project modification request has been served on all parties of record in the underlying administrative proceeding or who have filed letters in opposition to the CON Project.

I understand that the effective date of the CON will be recalculated to run from the date of the effectiveness of this project modification approval. Thank you for your assistance regarding this matter. If you have any questions, please do not hesitate to contact me.

Very Truly Yours,

Colin H. Luke
